Dear Dana

My goods have not come, to hand. If you could inform  
the Collector the name of the cargo & date of shipment, without trouble  
further, I wd be much obliged.

I was, as you suppose, licensed last week & preached my first  
sermon, to the great honor of certain ladies, in John & Francis's Methodist  
Church. I must go hear Mrs. Law, Naudyke & Rev. Mr. & Lorisdale. I am  
Dana to be licensed this week.

I am hurried beyond measure or I wd. ans. your favor of last week in  
less of a promise may.

Remember me most respectfully to Mr. & Mrs. K. Tell Grady if he will come  
down next June, perhaps seeing I got through so easily myself, I may permit  
the way for his impression to a mystical kind connection of the style. I wd say  
the same to you, but despair is a step beyond hope. I have not seen Mr. Hare

Tell Henry Bond when you see him that I intend going to D. in a day or two  
& will then find time to send him a line.

Don't study too hard, Dana, and may your health & good spirit, & yet rather  
your usefulness be always as they should be.

Yours affectionately

Peter.
